REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The primary reason for allowance of claims 17 and 33 is the inclusion of the limitations of

"(a) A controlled two-way valve unit (23), whereof the first path connects the first line (22) to the third line (26) and the second path connects the second line (25) to the third line (26), and (b) an electronic control unit (28), which on the input side is connected to the refueling sensor (7) and to the liquid level sensor (13) and on the output side is connected to the controlled two-way valve unit (23)." in claim 17 and

"An electronic control unit (28) being provided, which on the input side is connected to the refueling sensor (7) and to the liquid level sensor (13) and on the output side is connected to the controlled valves, in such a way that the first (22) and the third line (26), and also the second (25) and the third line (26), can be mutually connected, wherein the controlled valves are amalgamated into a controlled two-way valve unit (23), whereof the first path connects the first line (22) to the third line (26) and the second path connects the second line (25) to the third line (26). " in claim 33 that the prior art of record neither taught nor suggested.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
